TWO HOLDING
FORCE SETTINGS

CONVERTIBLE FLOOR/CEILING
OR WALL MOUNT

ELECTRO - MAGNETIC DOOR HOLDERS

Ampac offer a comprehensive range of Electro-Magnetic door holders which are low cost, extremely reliable, robust and aesthetically pleasing. This quality product is designed for maximum flexibility during installation eg. The same door holder is floor/ceiling or wall mount ; surface mount door holders have a choice of two holding force settings. This cost effective product range will help save you time and money on site.

Our aim is to provide 'Consistently Excellent Service' in the eyes of our customers

D00RH1330

Electro-magnetic door holder

Electro-magnet designed to hold fire/smoke check doors open for convenience and release them automatically in the event of fire. Supplied with keeper plate.

Thermoplastic base

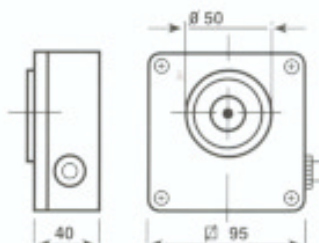

Black
24Vdc - 60mA - 1.4W
Two - 0.35 x 20cm. wires
~ 50kg
1
420 gr.

- ★ ~ 100Kg Holding force

D00RH1350

Electro-magnetic door holder

Like 1330 but with facility to halve the holding force. Connections are on the printed circuit inside the housing. Release button can be placed on either side. Supplied with keeper plate.

Aluminium die-cast and thermoplastic

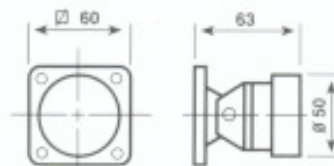

Housing white - cover black
24Vdc - 60mA - 1.4 W
Screw terminals
~ 25/50 Kg
1
700 gr.

- Adhesive fixing template for electro-magnet.
- Wall plugs and fixing screws.
- ★ ~ 100 Kg Holding Force

D00RH1365

Magnetic door holder

Permanent magnet to hold open the doors and release them automatically when electro-magnet receives a voltage pulse.

Aluminium die-cast and thermoplastic

Black
24Vdc - 250mA - 6W
Two - 0.35 x 20cm. wires
~ 25 Kg
1
900 gr.
